Our Quality Assurance

Spectrum Paints Limited believes in providing our customers with world class products at highly affordable and competitive prices. Our impeccable reputation is a result of our discipline and dedication towards maintaining quality of our products.

As a quality conscious organization, we follow strict and systematic control measures in every stage of our operation and our product range includes both Pigmented and non pigmented Paints. Our products are manufactured in accordance with standardized norms and specifications. Under the strict supervision of trained professionals our products are minutely monitored for any flaw which might hamper the quality.

Why Us?

Apart from providing customized solutions to clients, our strength lies in the ability to complete even last minute orders on time, without compromising on our quality. We make sure that our paints are highly affordable, without making any compromise in their quality.

We have been successful in setting new parameters for our clients with the help of:

- Technically proficient professions
- Advanced and innovative technology
- Standardized products
- Affordable prices
- Strong market networks
- Client servicing
- Timely delivery of products

“ We have preferred Spectrum Paints for its best quality textures and wide range of colours.... ..the main advantage of using this paint is that it is decorative and gives a permanent finish of extremely good quality ”

— Inder Jit Arora, CMD, Spectrum

Spectrum Paints Limited, pioneer manufacturer of the widest range of textured wall finishes in India, was incorporated on 16.4.1987, as a private limited company, with headquarters in New Delhi. Spectrum's operations are spearheaded by Shri Inder Jit Arora, one of its founders, in his capacity as the Chairman

Spectrum Paints Ltd

C-1/106, Lajpat Nagar, New Delhi 110 024.

cum Managing Director. As a visionary, his innovative management style, backed by a system approach and a team of highly dedicated executives and workforce, has put this company in a league of its own.

A self-propelled business organization, Spectrum maintains a comprehensive infrastructure which includes in-house capabilities for all manufacturing, inspection and testing operations including designing, developing and innovating.

Spectrum's antecedents in ensuring international standards of manufacturing and quality control has got it the ISO 9001-2000 certification. Likewise its commitment to a pollution free work environment has brought it the ISO 14001 certification.

Spectrum's world class quality is evident from its over 2000 landmark projects, not just in India but also in diverse and demanding climatic zones, in foreign countries, namely,

Bhutan, Maldives, Mauritius,

Nepal, Nigeria, Russia, Sri Lanka and Uzbekistan. Similarly, in the hotel industry where there can be no compromise on quality, Spectrum finishes feature in over 150 top luxury hotels with repeat orders from many. These include the Oberoi group, the Radisson group, The Taj group, Mayfair Resorts, Sterling Resorts, Quality Inns, Holiday Inns, Sun-N-Sand group, Leela group and ITC group.

Offices in Bangalore, Chandigarh, Lucknow, Mumbai and New Delhi, together with resident executives and applicator dealers spread throughout the country, have given the Spectrum distribution network an enviable strength.
